Why programs switch to Pact.

Students pay one low price, your team stops chasing paperwork, and switching takes one step: start with your next cohort.

PER STUDENT
$30
One time. Or your school pays on one invoice. No monthly fee.

RENEWAL FEES
$0
Tracking never renews, no matter how long the program runs.

UPLOAD REVIEW
24 hrs
Every upload is reviewed within 24 hours. If one is sent back, the student sees why.

NUMBER TO CALL
1
You work directly with Pact, and Pact builds features programs ask for.

What your program gets

One link per clinical site
Pick the students. The site sees who's cleared, with an access code and an end date. No site account.

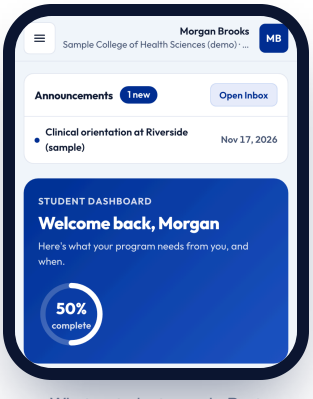

Your dashboard, your rules
Every student shows as Compliant, At Risk or Non-Compliant. Each program sets its own requirements.

Reminders that do the chasing
Email reminders 30, 14 and 7 days before anything expires. You get a weekly summary.

Uploads made easy
Students scan with their phone camera. Pact straightens the photo and turns it into a PDF.

Ordered inside Pact
Drug tests and background checks. Results go only to the people at your school who need them.

Clinical sites and shifts
Affiliation agreements with reminders, site details, and clinical shifts students can claim.

What a student sees in Pact

Drug tests and background checks

10-panel drug test — $40
Collected near the student and reviewed by a medical review officer.

Drug test with alcohol — $50
One urine test for alcohol plus the 10 drugs.

Background check, Standard — $35
SSN trace, national criminal database, sex offender registry and global watchlist.

Background check, Premium — $70
Standard plus 7-year county criminal searches and a FACIS Level 3 healthcare sanctions search.

Fingerprint checks
Done through your state's approved vendor, and Pact tracks the result.

Switching is simple

1. **Start with your next cohort**
Current students finish where they are, so nobody pays twice.

2. **Send us your list**
Requirements and roster in any format. We set up your programs.

3. **Students register**
A one-page guide with QR codes, plus a walkthrough of every screen.

4. **IT questions answered**
Security details at pactcompliance.com/security for your IT team.

See it with your own programs.

Your own demo school for 30 days: the director side and the student side, with made-up students. Scan the code, or book a 30-minute demo.

For colleges, universities, technical colleges and hospital-based programs with clinical rotations: nursing, radiography, EMT, surgical technology, medical assisting, dental hygiene, respiratory care, PTA, OTA, sonography, medical lab and more. Not for K-12 schools. Your program decides who is cleared for clinicals. Drug test and background check results are never part of Pact Compliance Review. Screens are from the demo school (made-up students).
